

# INDIVIDUAL MAX-3x

Offered Exclusively at **BradyIFS**

## WAREWASH & KITCHEN

**INDIVIDUAL MAX-3x** products are designed to provide superior results over traditional chemicals, along with added employee safety and environmentally responsible packaging.

### THREE KEY BENEFITS

**1** Less Inventory  
= More Storage

**INDIVIDUAL MAX-3x's** concentrated formulas and small packaging will allow you to stock less product freeing up warehouse/storage room space. One gallon of our product is equal to three gallons of traditional chemicals.

**2** Off The Floor  
= More Floor Space

**INDIVIDUAL MAX-3x** products are not on your kitchen floor. While in use, the bottles hang on secure hooks, freeing up valuable floor space in your kitchen.

**3** Tamper Resistant  
= Safer & Cost Savings

**INDIVIDUAL MAX-3x** bottles are safer to use! The closed loop system eliminates the chance of spills or abuse. It only allows product to be dispensed when the proprietary dispensing cap is engaged, eliminating the risk of injury. Employees will not be able to free pour the chemical, making them safer and more cost effective.
